WELCOME, DEMOCRATS.

To-morrow will be Democratic Day in Lima. The cohorts for the sixteen counties composing the Third Judicial Circuit of Ohio will be with us to place in nomination a candidate to be elected in November to succeed Judge J. J. Moon, whose term of otfice will expire next February.

The people of Lima extend a hearty welcome to the visiting Democratic brethren. While within our hospitable borders, gentlemen, enjoy yourselves. The town is yours during your stay.

The Democracy of that portion of Ohio which composes the Third Circuit Court District will be in session in Lima to-morrow to place in numination a candidate for election next November. The Democratic majority in this district is very large-it is. indeed, the Democratic Gibralter of Ohjo-and a nomisation is lent to an election.

The position of Judge of the Circult Court is one of the most desirable within the gift of the people of Ohio. The term is long, the labors not arduous, and the compensation more nearly adequate than in any other branch of the Judiciary of Ohio. The consequence is a spirited rivalry among the ablest lawyers in the district for the position.

men of fine abiltay, qualified in every way for the high position to which they aspire. Among this number, and the peer of any, is Hon. Hinchman S. Prophet, of Lima, who will go into the convention with the unanimous and hearty support of the Alten county delegation,

Mr. Prophet is a gentleman whom the people of Allen county delight to honor. A man of culture, learned in the law, of mature years, of experience in every branch of the practice as the result of many years active participation in the legal work of Allen and adjoining counties, he would occupy the Circuit beach with digdity and ability.

In addition to the legal qualifications possessed by Mr. Prophet, which so eminently fit him for the Circuit judgeship, he possesses other qualifications which should not be overlooked by the Democracy in to-morrow's convention-he is an unflinching Democrat and a veteran of the civil

Our Literary Conquest In England. A little book is to be published here on "First Editions of American Authors." From this one may fairly assume that the popularity of transatlantic writers in England is now considerable. Not very many years ago Longfellow, Poo Emerson, Hawthorne, Lowell, Mark Twam, Artenus Ward and Josh Billings were almost all the American authors in whom the British public took any interest. How different is the situation new! American books swarm in our literary markets, and their authors, like so many Englishmen and women have a regulation on both sides of the Atlantic. Every day the rapprochement between the two great literatures and the two great leading publics grows closer and closer.— London Figuro.
